Standard Show risks and control strategies

Potential Risks	Control Strategies
Choking of magic tricks or balloons	1: don’t give tricks to the those 3 or under 2: No balloons to those under 3 3: Kids are told to not put balloons in mouth- staff should also keep an eye on this
Tripping over wires and props	All wires have been removed from show- it does not need microphones or speakers and no wires Props remain on stage- and children must be at least 2 meters from the stage All props and table are secure on stage

Covid risks and control strategies on next page

Covid risks and control strategies

Potential Risks	Control Strategies
Balloon Animals	<p>A hand help pump is used, Rubber gloves are used to hold and twist the balloon</p> <p>Balloons are stored in safe place</p> <p>Balloons are <u>not</u> pumped up by mouth</p> <p>No sharing of balloons</p> <p>best practice is to make balloons- have a staff member write their name on it- and its given out to the child when they leave the vacation care- keeps the balloon un popped and out of the mouth</p>
Handing out magic tricks	<p>Magician to wear gloves, children are to remain where they are and the magician (and staff for large amounts of kids) will hand them out</p> <p>Magician will wear mask when near the children</p> <p>No sharing of tricks</p>
Show bags	Have been replaced with food grade zip lock bags- and the kids are taught how to zip them up so they don't lose/share them
Magic Show props held by magician or audience	All props regardless of being used by children or not are cleaned and sanitized after each show (not in your time- outside of the centre on Aardys own time)
Using an assistant assistant	<p>When a child is up on stage- the magician will have gloves and the child will be touching a sanitized wand</p> <p>If the parents or staff believe it necessary- Magician can also wear face mask</p>
The audience sitting too close to each other	<p>-You need a large enough space so that children can sit 1.5 meters apart from each other in all directions</p> <p>-the show can be performed outdoors (if weather permits)</p> <p>-Youngest at front to keep a better eye on them</p>
The magician	Aardy to get constant tests for covid virus to be safe
Performance area	Magician needs to be at least 2 meters from audience. 3 meters to be safe
